Table of contents

1 Introduction	1
1.1 SIUS ASCOR	1
1.2 Concept and possible applications of the SA941	1
1.3 Structure of the catalogue	2
2 SA941 basic installation sets and targets	3
2.1 Air rifle / air pistol installations 10m, S10-LON	3
2.1.1 Installation overview S10-LON 10m	3
2.1.2 Target S10-LON for air rifle / air pistol.....	4
2.1.3 Structure of the S10-LON	5
2.1.4 Accessories for S10-LON	6
2.1.4.1 Target front masks.....	6
2.1.4.2 Paper rolls (shooting control)	6
2.1.4.3 Target illumination BLS10	7
2.1.4.3.1 Structure of the target illumination BLS10	8
2.1.4.4 Wall-mounted target holder and bullet trap WHS10	9
2.1.4.4.1 Structure of the bullet trap WHS10	10
2.1.4.5 Pedestal BSS10	11
2.1.4.6 Reinforced front frame.....	12
2.2 “Running target 10m”, RT10-LON	13
2.2.1 Installation overview RT10-LON.....	13
2.2.2 “Running target 10m” RT10-LON	14
2.2.3 Replacement supplies for “Running Target” RT10-LON.....	14
2.2.4 Controller RTC20 for RT10-LON.....	15
2.2.5 Accessories for RT10-LON.....	16
2.2.5.1 Photoelectric beam detector LB20	16
2.2.5.2 Target front mask “10m Running Target”.....	16
2.3 SB rifle and pistol installations 25m/50m, S25/50-LON	17
2.3.1 Installation overview	17
2.3.1.1 Installation overview S25/50-LON 25m.....	17
2.3.1.2 Installation overview S25/50-LON 50m.....	19
2.3.2 Target S25/50-LON for small bore rifle / pistol.....	20
2.3.3 Structure of the S25/50-LON	21
2.3.4 Accessories for S25/50-LON	22
2.3.4.1 Target front masks.....	22
2.3.4.2 Target holders	23
2.3.4.2.1 Target holder for installation on a carrier	23
2.3.4.2.2 Target holder for board installation	23
2.3.4.2.3 Target holder for installation on the back of a carrier	24
2.3.4.2.4 Target holder for installation in front of a carrier	24
2.3.4.3 Multi-target holder 4.9m / 3.8m	25
2.3.4.3.1 Multi-target holder MSH25L	25
2.3.4.3.2 Multi-target holder MSH25	26
2.3.4.4 Light signals.....	27
2.3.4.5 Reinforced front frame for large calibre ammunition.....	28
2.3.4.5.1 Reinforced front frame without integrated light signals.....	28
2.3.4.5.2 Reinforced front frame with integrated light signal installation	29
2.3.4.5.3 Consumable and replacement supplies.....	30
2.3.4.6 S25/50-LON bullet trap for small calibre bullets.....	31
2.3.4.6.1 Consumables for bullet trap for small calibre bullets	31
2.4 Big bore rifle installations 100m, S110-LON	32
2.4.1 Installation overview S110-LON 100m	32

2.4.2	Target S110-LON (replacement for S25/50-LON or S310-LON).....	33
2.4.2.1	LON measurement electronics for S110-LON	34
2.4.3	Structure of the S110-LON	35
2.4.3.1	Repair material for target covering	36
2.4.4	Accessories for S110-LON	37
2.4.4.1	Front frame with circular target pictures (A targets).....	37
2.4.4.2	Target front masks with hunting pictures	38
2.4.4.3	Consumable and replacement supplies for target front masks	39
2.5	Big bore rifle installations 300m, S310-LON.....	41
2.5.1	Installation overview S310-LON 300m	41
2.5.2	Target S310-LON for big bore rifles	42
2.5.2.1	LON measurement electronics for S310-LON	43
2.5.3	Structure of the S310-LON	44
2.5.3.1	Repair material for target covering	45
2.5.4	Accessories for S310-LON	46
2.5.4.1	Front frame with circular target pictures (A targets).....	46
2.5.4.2	Target front masks with hunting pictures	46
2.5.4.3	Consumable and replacement supplies for target front masks	48
3	SA941 basic installation: Monitor, power supply and cables	50
3.1	Firing point components	50
3.1.1	Firing point set FP941-LTW-SET	50
3.1.2	Control unit CU431	51
3.1.3	Monitor M941	52
3.1.3.1	Adaptor for country-specific power supply cable	52
3.1.4	Thermal printer D941HQ	53
3.1.5	Consumable for thermal printer D941HQ.....	53
3.1.6	Barcode scanner AAG133.....	54
3.1.7	Spectator monitor M1421	54
3.1.8	VGA-PAL converter AAG151	55
3.1.9	Monitor holder and device pedestal	56
3.1.9.1	Monitor holder HST941	56
3.1.9.2	Monitor holder without CU941	57
3.1.9.3	Device pedestals	58
3.1.10	Shot sensor for big bore rifles C88RV1	59
3.1.11	Crosstalk separators for the shot sensor.....	60
3.1.12	Remote control RC941	61
3.1.13	Remote control RC-ZOOM.....	61
3.1.14	Separate installation of monitor and control unit.....	62
3.1.15	Central command desk ZBP941-10	63
3.2	Power supply and cables.....	64
3.2.1	Installation overview for cable and power supply sets	64
3.2.1.1	Cable and power supply set for 10, 25 and 50m LTW.....	64
3.2.1.2	Cable and power supply set for 100m LTW.....	65
3.2.1.3	Cable and power supply set for 300m LTW.....	65
3.2.2	Distributor box VK-LTW1	66
3.2.3	Distributor box VK-LTW2.....	67
3.2.4	T-Adaptor KL001-T	67
3.2.5	Terminating resistor KL001-R.....	68
3.2.6	LTW male-female cable KL001-L.....	68
3.2.7	LTW male-RJ45 cable KL003-2.0	69
3.2.8	Cable firing point - target < 1400m KV021-L.....	69
3.2.9	Cable firing point - target < 100m KV020-L.....	70
3.2.10	Country-specific power supply cables	70
4	Basic installation of SA941 accessories	71

4.1 Additional light signals	71
4.1.1 Installation overview for additional light signals	71
4.1.2 Time control unit TCU25.....	72
4.2 Additional PC for data acquisition	72
4.2.1 Installation overview data acquisition for 1-10 lanes	73
4.2.2 Installation overview data acquisition for more than 10 lanes	74
4.2.3 LON-PC interface	75
4.2.4 Router RTR10.....	76
4.2.5 Data acquisition program SiusData ^R	77
4.2.6 Ranking list program SiusRank ^R	79
4.2.7 VGA splitter.....	81
4.3 Additional match scoreboard.....	82
4.3.1 Match scoreboard installation overview	82
4.3.2 Match scoreboard AZT03-LON	84
4.3.3 Match scoreboard AZT06-LON	85
4.3.4 Power supply NTAZT-LON.....	86
4.4 Additional switch box for several distances	87
4.4.1 Installation example with 2 distances	87
4.4.2 Installation example with 3 distances	89
4.4.3 Switch box SWB-LON	91
4.4.4 Remote control for switch box SWB-LON-S	91
4.5 Connecting the target to a PC with SiusLane^R	92
4.5.1 Installation overview of SiusLane ^R	92
4.5.2 Display program SiusLane ^R	93
5 Addresses	94
5.1 Main office	94
5.2 Agencies	94
5.2.1 Europe	94
5.2.2 United States of America.....	96
5.2.3 South America	96
5.2.4 Middle East	96
5.2.5 Asia	97
6 Guarantee Terms.....	98
6.1 Guarantee	98
6.2 Conditions	98
7 Article Number Index	99
